Registration on the KLS Martin Booth from Thursday or contact michela.calgaro@martinitalia.it

Limited to max. 40 attendees - registration will be provided on a first-come-first-serve basis.

L1® Mandible ReconGuide

Resection guides for mandibular reconstruction with fibula graft

Meet The Experts

Innovative Approaches in Reconstructive Head and Neck Surgery

S.O.R.G. Academy Course
and Hands-on Workshop

Lecce, Italy

June 14th, 2019

in cooperation with

International S.O.R.G. Course

Innovative Approaches in Reconstructive Head and Neck Surgery

Faculty

It is a great pleasure for me as Chairman of the Reconstructive Section of the Strasbourg Osteosynthesis Research Group (S.O.R.G. e.V.) Europe to invite you to a very innovative course on Head and Neck Reconstructive Surgery as part of S.O.R.G. Academy Collateral Session at the XXI Annual Meeting of the Italian Maxillofacial Association (SICMF) in Lecce on June 14th, 2019.

The course will include a theoretical session into which an embedded practical workshop presenting the innovative **L1®** Mandible Recon Guide will be included. This innovative multi-use mandibular reconstructive guide has been developed in conjunction with "Klinik und Poliklinik für Mund,- Kiefer- und Gesichtschirurgie, Technische Universität München" in particular by the group of Prof. Klaus Dietrich Wolff and Prof. Marco Kesting who will illustrate in detail this novelty together with Dr. Jochen Weitz at this event. The device has won the prestigious "iF Design Award" in 2019 in the category Product – Medicine/Health at the "iF Design Award Night" in Munich.

The limited attendance hands-on workshop will feature this standardized reusable device and a patient-specific case including the use of a customized implant. The course will continue with some presentations from the major Italian Maxillofacial University Groups on the most up-to-date techniques in Head and Neck Reconstructive Surgery.

The combination of theoretical and practical sessions will allow the participants to gain the best learning experience on this very complex topic.

I wish to sincerely thank the Co-Chairmen and Friends, Prof. Marco Kesting and Prof. Alberto Bianchi who will conduct a high standard course in Lecce on my behalf.

Massimo Maranzano

Chairman of the Reconstructive Section
Strasbourg Osteosynthesis Research Group (S.O.R.G.) Europe

Program

Friday, June 14th, 2019

15:30 - 15:50	Current concepts of mandibular reconstruction <i>Marco Kesting</i>
15:50 - 16:10	The development and first experiences with the ReconGuide for mandibular reconstruction <i>Jochen Weitz</i>
16:10 - 17:30	Hands-on practical session/demonstration with the L1* Mandible ReconGuide <i>Marco Kesting, Jochen Weitz, Faculty</i>
16:10 - 16:25	L1* Mandible ReconGuide workshop introduction <i>Marco Kesting</i>
16:25 - 17:30	Hands-on workshop: template-guided mandibular reconstruction – innovative standardized vs. patient-specific approach
17:30 - 17:35	Development of a method for standardized mandibular resection and reconstruction <i>Achille Tarsitano</i>
17:35 - 17:40	Virtual planning and "in house" rapid prototyping protocol for mandibular reconstruction <i>Giovanni dell'Aversana</i>
17:40 - 17:45	Custom-made prosthesis for maxillary reconstruction: from bench to bedside <i>Stefano Riccio</i>
17:45 - 17:50	Intraoperative navigation: safety, accuracy and applicability in head and neck reconstructive surgery <i>Chiara Copelli</i>
17:50 - 17:55	Virtual planning in craniofacial reconstruction <i>Alessandro Tel</i>
17:55 - 18:00	Final remarks/wrap-up <i>Marco Kesting, Alberto Bianchi</i>

Course Co-Chairmen

Alberto Bianchi

Vittorio Emanuele Hospital / University of Catania
Dept. of Maxillofacial Surgery, Catania, Italy

Marco Kesting

Universitätsklinikum Erlangen, Dept. of Oral and Maxillofacial Surgery, Erlangen, Germany
